

30th IEEE Workshop on Signal and Power Integrity

June 14-17, 2026 – Turin, Italy

Dear Company Representative,

Celebrating a notable thirty-year anniversary in 2026, the **IEEE Workshop on Signal and Power Integrity (SPI)** stands today as a premier forum of exchange on all aspects of Signal and Power Integrity, encompassing the latest research and developments on design, characterization, modeling, simulation and testing at chip, package, board, and system levels.

The workshop brings together researchers and developers from academia and industry worldwide, providing a key environment to foster cooperation and knowledge exchange. It offers an engaging program to attendees, which includes keynotes and tutorials on emerging topics presented by renowned experts affiliated with leading institutions and companies, alongside dynamic oral and poster technical sessions on the latest research outcomes, and also valuable networking moments.

A main goal for **SPI 2026** will also be to deliver a unique level of international exposure for Companies interested in sponsoring the event, by promoting their products and services to all participants, and enhancing their visibility and reputation on Signal and Power Integrity expertise.

It is therefore a pleasure to invite your Company to actively support the workshop under the conditions presented in the next page of this letter, with several sponsorship opportunities available to choose from, each one with different marketing opportunities and attractive benefits. Registration for Sponsors ends on **March 31, 2026**.

We thank you in advance for your time and consideration, looking forward to your contact.

On behalf of the Committees,

Paolo Manfredi, Workshop Chair

Igor S. Stievano, Finance Chair

Stefano Grivet-Talocia, Industry Advisory Board Coordinator
